

Welcome to St. Mary of the Assumption School Pre-K

Our Mission

St. Mary of the Assumption School is a coeducational Catholic elementary school founded by St. Mary of the Assumption Church in 1925 to serve the Catholic families of the greater Upper Marlboro area. This school is committed to the embodiment of the threefold educational mission of the Church: to teach the message of Jesus, to build Christian community, and to foster a concern for social justice. This is accomplished through an instructional program dedicated to academic excellence and vibrant faith aimed at the development of the whole child; that is, one who is spiritually, intellectually, socially, emotionally, and physically mature.

Goals

- Our goal at St. Mary of the Assumption is to promote the Christian development of each child and thereby enhance the community as the People of God. It is a shared responsibility of parents, teachers and the local community to create and sustain a loving and concerned school community and to evoke in our children a fuller realization of their God given gifts.
